

# Identity Theft

## Is There Another You?

### Speaker Bio:

The real Danny Lents is a computer engineer. He became a victim of identity theft in 2001. He spent countless hours of research to protect himself. His research led to a seminar that has been attended by numerous groups. Danny has made multiple television appearances and started [www.IdTheftAwareness.com](http://www.IdTheftAwareness.com) to increase awareness of identity theft. He testified in the Texas Senate in support of identity theft legislation that passed. He is passionate about this subject and will motivate your group to take preventive measures.

- What is identity theft?
- How does it happen?
- What preventive measures can you take?
- How do you stop your thief?

Identity theft is the fastest growing white-collar crime in America. Millions of Americans become victims each year. Identity thieves attack businesses and people of all ages and incomes. Knowledge is our best defense.

### Testimonials:
